

# INTERNATIONAL CONFERENCE ON HYDROGEN PRODUCTION

## ICH2P-12

June 24-27, 2012  
Seoul, Republic of Korea

### Who Should Attend:

ICH2P (The International Conference on Hydrogen Production) is an annual international conference to bring together students, researchers, scientists and engineers alike from all over the world, working at advancement of basic and applied research in the production of hydrogen through various thermal, chemical, biological and other methods, as well as its use in various systems including fuel cells.

ICH2P will provide a forum for the exchange of latest advances and technical information, dissemination of new research developments in the areas of hydrogen production, storage, usage and debate involving the future directions and priorities in the hydrogen economy for a sustainable future.

ICH2P-12 is organized by Hydrogen Energy R&D Center(HERC) and Korean Hydrogen and New Energy Society(KHNES).

### Conference Scope:

- ❖ Hydrogen production
  - Biological hydrogen production
  - Photochemical/photoelectrochemical hydrogen production
  - Thermochemical hydrogen production
- ❖ Hydrogen production by conventional/nonconventional methods
- ❖ Hydrogen storage
- ❖ Hydrogen infrastructure
- ❖ Fuel cells
- ❖ Codes and standards
- ❖ Education and training
- ❖ Issues on hydrogen economy

### Important Dates

December 31, 2011:	One-page abstract due (through website)
January 31, 2012:	Notification of abstract acceptance (via e-mail)
